GOV GEN, OF CURACAO VISITS ANGUILLA

An informal visit was paid to Anguilla on Saturday Jan, 10th, by a party from Dutch St Maarten. The Governor of St Maarten, Mr Rainier van Delden piloting his motor launch "Eureka" arrived at Blowing Point shortly after 11 a.m. The St Maarten Governor was accompanied by his wife, Mrs Eunice van Delden and the Governor-General of Curacao, Doctor Nicolas Debrot, the Gov. Gen.'s adjutant, Naval Captain van Hees and other officials.

They were met at Blowing Point by H.M. Commissioner, Mr.W.H. Thompson, Mr.Ronald Webster, Mr.Charles Fletcher the First Secretary, Lt. Col. John Waymark, R.E and Chief Superintendent Paterson of the Anguilla Police Unit.

After a buffet lunch at the Commissioner's home, the party visited two of the island's beaches, Meads Bay and Road Bay before returning to Blowing Point. The visiting party left for St Maarten the same afternoon.

ANOTHER ANGUILLAN FOR TRAINING

It has been announced from H.M. Commissioner's Office, that Miss Eva Rogers, Clerk at the Treasury will be going on a three months training course.

Miss Rogers will be attached to the Treasury Department of the

MAN STABBED - WIFE HELD

Mr.John Harrigan of Island Harbour was taken to the Cottage Hospital on Thursday night, suffering from a knife wound.

A hospital report said that Mr.Harrigan when brought to the Hospital was semi-conscious, and in a very critical condition.

Three volunteers of the Royal Engineers donated three pints of blood for the transfusion that was administered immediately to the wounded man.

Since the blood transfusion, his condition has improved, but was still on the danger list. As we go to press, The Doctor said, Marrigan was stabbed in his chest, about four inches deep with a rusty knife.

It is reported that Harrigan and his wife Marina were quarreling at their home when the stabbing took place. His wife was taken into custody by the police, but no charge was made up to press time.

He was attended to on the scene of the incident by the Army Doctor Dr.Mark Conroy, who accompanied him to the Hospital where the case was handed over to Dr.Peter Fenwick, the Medical Officer. The blood donors were, Corporal J.Jones, Sappers P. Marshall and R. Mack.

Cayman Islands.

She is due to leave Anguilla by Valley Air Service on Tuesday morning arriving Grand Cayman the same day via (Cont'd on Page 2)

The following letters were given to us for publication.

Dec. 23rd, 1969, Honorable Ronald Webster, President Council of Anguilla Anguilla, West Indies.

Dear Mr. Webster:

May Itake this opportunity to wish you and all the citizens of Anguilla a very Merry Christmas and a happy new year. May the coming year bring continued peace and prosperity to your Island.
At this time of the year it is

sual for individuals and business firms to exchange goodwill in the form of gifts in token of regard. Business firms extend themselves to charitable and other worthmile causes

Quality Sales Corporation, has among its employees a substantial group of Anguillans, whom we regard in high esteem. Over the years they have been with us they have proven themselves to be a credit to Anguilla. In their names we are hereby enclosing a a cheque in the amount of \$200,00 (two hundred dollars) as a contribution to whatever charitable causes, such as your hospital and old age home, that you may feel are most in need of financial

We herewith list the names of our employees whom we wish to honor with this contribution;

Calvin Bryan Amos Gumbs Harris Harrigan Ganymede Lake Collins Rogers Euton Smith

Thomas Bryan Lincoln Hodge Vernon Hodge Linton Lake Hillary Sasso Kent D. Webster Christian Webster Clement Webster,

Again, with kindest best wishes the new year.

Very truly yours, Rosov, President Quality Cales Corporation, St. Thomas Administration Building Valley Anguilla.

13th January, 1970.

Quality Sales Corp,, Post Office Box No. 2278 St. Thomas, U.S. V.I., 00801.

It is with great pleasure that I write to you on behalf of the Anguilla Council, rendering thanks and appreciation for your generous gift to the Hospital or Poor People's Home.

We welcome any such gift as yours, and will transfer the cheque of Two Hundred Dollars U.S. (\$200 00 U.S.), No.17189 to the Treasury Department for the Poor People's Home fund.

With thrilled hearts we again thank you for your kind and hearty remembrance, May God bless and keep you safely under his tender care

I will submit a copy of this letter for publication.

Bye for now

Yours faithfully, (signed) Ronald Webster (for Council)

ANGUILLAN ORDAINED IN TRINIDAD: (Continued from page 2):

The Rev. John Flemming was born in Long Bay, Anguilla and lived here for some years. He went to Guadeloupe in 1933 and then to the Adventist College in Trinidad to train for the ministry, He also served as Inspector of police there and was, at one time, a secretary to Dr. Eric Williams, Prime

Minister of Trinidad & Tohago. He also built and taught in his own school in Trinidad; he visited Anguilla, Mr. Charles Flemming and Mr. Philip Flemming of Long Bay and sister, Mrs. Florence Richardson as well as many friends throughout the island.

BOOKS ON ANGUILLA

We have received news that one of the books written on Anguilla by Professor William Brisk has been released. Prof. Brisk and Mrs. Brisk are presently in Albuquerque ; Mexico, but hope to visit Anguilla later this year, As soon as we have further information on Prof. Brisk's book we will publish more details eanwhile Mr. Colin Rickards, editor of the Conch Shell a publication the Friends of Anguilla in London, has accepted a position as Managing Editor of a new monthly www.spaper called "Caribbean Business 'ews" with head Office in Toronto, Canada, Mr. Richards said that this means that he will be spending a great deal of his time in the Caribbean, and hopes to visit inguilla this year. So far we have not received word of his book on Anguilla that was supposed to be published late 1969

This week we had a writer, Mr.Donald Weslake of New Jersey, U.S.A. who is also writing his first fact book, which is based on Anguilla.

LAW FACULTY AT U.W.I.

Bridgetown, Barbados, Jan. 5th: The first meeting of the Legal Advistory Committee of the University of The West Indies opened today at the Cave Hill Campus - About six miles From here.

Sir Hugh Wooding, Chairman of the Committee said on arrival yesterday the establishment of a faculty of law at the University was essential because, it will not be long before West Indian students will not be accepted at the Inns of Court, Britain.

Sir Hu_oh was expected to issue a progress report today on the activities of the committee.

He said there was a different concept of law in the West Indies

now than in the past and added that formerly English or Commonwealth

THE BEACON is an independent Anguillan Newspaper, published every Saturday, Founded September 27th 1967. Printed and published at "Lone Star" Anguilla W.I. Atlin Harrigan Ed, and Publisher S.Hodge - Associated Ed, Patterson Hunte - Printer.

solutions were tried on indigenous problems.

There are a large number of areas in which we have to orient law to suit our particular needs, he stressed.

Sir Hugh said that students coming from Countries overseas in which there were Universities would be given the last priority to admission to the Inns of Court in the future.

WANTING TO EXCHANGE STAMPS

I am an old stamp collector and have thousands of stamps of the undernamed Countries:

Bechegnaland, Basutoland, Swaziland, Losotho, South Africa, Natal, Cape and South African Countries.

Used and unused I would suggest the collector send me, say fifty stamps or more and I will give stamp for stamp in return of the above mentioned countries.

I would appreciate used stamps of Anguilla.

MEDICAL EMERGENCIES PROCEDURE

There have been enquiries recently about the proper way of getting medical attention in cases of emergency, especially at night. In the interest of all concerned may we outline the correct procedure as a matter of general information. It is emphasized that this is the Emergency Procedure for use outside normal Clinic hours

Patients should go first to the Cottage Hospital where there is a senior Nurse on duty at all times. The hospital can reach the Doctor at any time by telephone. DO NOT GO to the Doctor's house; if he is not at home, much valuable time may be lost in an emergency. In addition, many emergencies can be dealt with quickly and efficiently by the hospital staff. To repeat in cases which occur outside Clinic hours, patients should go first attention.

MARGO & HEATHER DUNLOP RETURN TO

Margo and Heather Dunlop, teenage daughters of Mr. Roy Dunlop, Director of Radio Anguilla and Mrs. Dunlop, flew to Antigua via R.A.F. this week to catch the VCLO flight to London.

Margo is attending Cambridge University and Heather is a 5th Form Student at the Friends' School in Saffron Walden, During their month's holiday with their parents at Sandy Hill the visiting young ladies made many Anguillan friends and expressed themselves on leaving as extremely impressed with the beauty of the island and the friendliness of Anguillans.

Civil Service Vacancy

CHIEF WORKS OFFICER

A vacancy exists for a Chief Works Officer in the Public Works Department. The officer appointed will be required to organise and administer and control the department. He will be responsible for the planning and supervising of various projects, including roads, airfield improvements, and building and water supplies, some being undertaken by contract and others by direct labour. The officer will be required to organise maintenance work as well as new construction. The appointment will be on contract for a period to be negotiated.

The applicant should have served an apprenticeship in one of the major building trades with Higher National Certificate or the equivalent in building or engineering subjects. He should also have at least 15 years practical experience in the building or engineering industry, of which at least 7 years should have been in a supervisory capacity. It is essential to have had general practical site experience in all building trades, concreting, bitumen surface dressing and road construction and layout.

It is desirable, but not essential, to have had experience in a Government Public Works Department, in tropical countries or similar, including simple administrative, stores and accounting experience.

The salary will be subject to negotiation and dependent upon the successful candidate's experience.

Applications should be addressed to the Secretary of the Public Works Committee, C/O H.M.Commissioner, Anguilla to reach him not later than 10th, February, 1970. Copies (but not originals) of testimonials and certainicates should be forwarded with the application. The envelope should be marked Chief Works Officer.

MEDICAL NEWS:

On Friday 9th of January the old people from the infirmary were taken out for an afternoon by the sea by the Doctor and Nurses of the Cottage Hospital, Thanks go to father Bennett for the loan of his mini bus and to Mrs, Randall and the staff of Maundy's Pay Hotel for generously supplying a meal and helping to care for the patients,

At present in Anguilla there are two epidemics sweeping the island. One of influenza and one of measles. It is only possible for the Doctor to visit the more serious cases owing to the time involved so here are a few hints on how to care for the less serious

cases. If a call by the doctor is necessary please leave a message at either the Clinic or the Hospital if outside clinic hours. MEASLES:

A viral disease spread by droplets from coughing and sneezing. One attack confers a high degree of immunity thus you should only have measles once in your lifetime. Measles starts like a common cold with fever sneezing and red eyes, a cough & hoarseness may develop by the second day. By the fourth day the rash appears and fever increases. When the rash goes after a few days the fever will fall.

The patient should be kept in bed in a well ventilated room-leave the windows open- he should also be given (Continued on page 8)

MEDICAL NEWS: (Cont'd from page 7), plenty of fluids to drink if the fever is high. Also from the date the rash appears he should be kept from school for 14 days. Also any children in a house with the measles if they have not had measles should be kept from school until the house is clear owing to an incubation period of the virus before the symptoms appear.

INFLUENZA

is an acute infections viral disease Immunity from attack of "Plu" only lasts a short while compared to the lifetime of the measles virus. "Flu" presents with general aches and pains, fever and lack of appetite. Recovering is usually uncomplicated in three to five days but sometimes further respiratory infection may follow. All cases should be put to bed, kept as cool as possible and given as muck milk, water or juice to drink as possible during the stage of the fever.

Dr. P.R. Fenwick M.B.Ch.B.

ROAD SAFETY CAMPAIGN

Radio Anguilla is conducting
"Road Safety Campaign", broadcast
ver Radio Anguilla periodically
the Management of Radio Anguilla
has asked the elected members of
the Anguilla Council to make a
recording, appealing to motorists
to drive safely on the roads.
Here are some of the recordings
that will be heard over Radio Anguilla.

(1) "In Guyana, 162 persons died in road accidents in 1969. Think of that: 162 deaths, that could have been avoided by careful courteous driving. Remember the ABC of road safety - Always Be Careful! Courtesy on the roads, plus slow and careful driving will pay dividends in human lives."

(2). "By slow, careful driving you can keep the roads of Anguilla safe and you can keep down the dust. Careful driving is the sign of good motoring. Always drive carefully and remember that speed thrills but kills. An ounce of caution is worth a pound of cure. Be sensible on our improved roads, and do not try to pass another car. Courtesy and careful driving is the essence of road safety in Anguilla".

WORRELL'S WAS CRICKET "SIDE OF THE 60"

London Jan.,7th 1970; The West Indies Cricket Team led by Frank Worrell was "The Team of The Decade" in the judgment of Doyen of English cricket writers, Mr.E.W.

Swanton.

Swanton reviews English fricket in the last decade, MCC Tours which he accompanied - with Dexter and Smith to Australia, and May and Cowdrey to the West Indies -- were "in most important respects an improvement on their fore-runners of the fifties" England won two of the four major rubbers and drew two The number of draws (14 out of 20 matches) were the result less "the lack of will to win than of paucity of great match winning bowlers".

On the English stage he choses Dexter as the Batsman of the period and his innings against Hall and Griffiths at their fastes at Lord's in 1963 as the batting performance of the decade.

He also recalls, as among the best in batsmanship, Cowdrey's and Graveney's innings against fast West Indies bowling at Kingston in 1960 and Port of Spain in 1967.

He suggests that, if there was a bowling moment of the decade, it was when Freddie Trueman took his 300th test wicket against Australia on his way to taking more test wickets (307) than anyone else.

Then in a quick look at the international (CONTINUED page 5)
